

# K514 MKII

## NATURAL SOUND STEREO HEADPHONES

### Nature's way.

Heighten your listening experience with the AKG® K514 natural-sound stereo headphones. Their new design offers a sleek look and – even more important – a comfortable, natural fit to go along with the unique way that the headphones process audio from its source to your ears. Plain and simple, this is sound the way it was meant to be heard.
